A Sure Way to Make Money.

A sure Way to Make Money.

In the buying of goods, most people who wish to prosper, study economy in their purchases; and it is a truth, that the item of Boots and Shoes is no small one, in the families of both rich and poor. To reduce the expense of that item, it becomes, necessary to buy where the best and greatest quantity of goods can be found, for the least money; and that place is at an exclusively Boot and Shoe store in the city, and has an excellent variety of all goods in that line. He has them fine, and also common, but always recommends good goods. He proposes keeping the largest stock in Northern Kannas, and selling them to cash buyers as low that they can sustain him in trade, and buy cheaper than at St. Joseph or Atchison. It will pay farmers of the whole County to inquire of their families, in relation to the number of pairs of boots and shoes, the sizes and numbers, and give Mr. B. a call. Liberal discount will be made on large bills, and cash buyers. Recollect this article, and when you come to Troy, inquire for the Boot and Shoes store of C. G. Bridges, which you will find mear south-west corner of Public Square, one door north of Shasheed. Them Store Siem of the life Feel Root.

By the Kansas City, St. Joseph and Burling-ton Boute.

"Though last not least," is an adage as true as it is old, and its truth is again exemplified by the completion of the New Line to the East, ris Creston and Burlington, which though the last, may be called the bost route in the West.

The Line consists of the Kamass City, Saint Joseph and Council Bluffs R. R., with two daily trains from Kamasa City, through Leavenworth, Alchison and St. Joseph, to the Missouri State Line, there connecting with the Burlington Route, which leads direct to Chicage, Cincinnati, Indianapolia, Loganaport and Columbus—through cars are being run to all these points.

This Line is well built, thoroughly equipped with every modern improvement, including Pullman's Sleeping and Bining Cars, and nowhere else can the passenger so completely depend on a speedy, safe and comfortable journey.

The Burlington Route has admirably answered the query, "How to go East," by the publication of an interesting and truthful document, containing a valuable and correct Map, which can be obtained free of charge, by addressing General Passenger Agent R. & M. R. R. Burlington, Iowa.

The citizens of the County, who propose planting orchards, will find it to their advantage to give their patronage to E. Sayder, of the Prairie Nurseries, at Highland, who keeps, perhaps, the largest stock in the State, and can fornish them at as low rates as the same class of trees can be purchased at from any of the leading Nurseries of the country. Mr. S. has had a long experience in the business, in this County, and has a thorough knowledge of all the varieties adapted to this climate. Parties who deal with him, may be assured that all orders will be filled with the variety wanted. He keeps everything to be found in a first-class Nursery, and solicits the patronage of the public. Ayer's Ague Cure, For Pever and Ague, Intermittent Paver, Chill Pever, Remittent Pever, Dumb Ague, Periodical or Billous Fever, &c., and indeed all the affections which arise from malarisus, marsh, or missment.

which arise from malarisms, march, or miasmatic poisons.

No one remedy is londer called for by the necessities of the American people than a sure and safe cure for Fever and Agus. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents thirdisorder must be of immense service in the communities where it prevails. Prevention is better than cure; for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of Fever and Ague from the system, and prevents the development of the disease, if taken on the first approach of its permeanitory symptoms. A great superiority of this remedy ever any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

whatever upon the constitution. Those curved by it are left as healthy as if they had never had the disease.

Fever and Agne is not alone the consequence of the missimalic poison. A give it variety of disorders arise from its irritating, among which are Neuralgius, Bhenwastisms, Gout, Hrundaehe, Blindaress, Toothache, Earnache, Catarch, Asthmas, Palpitation, Painful Affection of the Spicen, Hysterica, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CCRE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.

Ayer's Cathartic Pills,

contain no interactive cury or mineral whatever. Much strious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purined, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and slungish are cleaused by Ager's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multimodes who, enjoy it, can hardly be computed. Their sugar-coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution of diet or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure:—

For Bysperpsia or Findigreettem, Listeraces, Languor, and Loos of Appetter.

and for the longwing complaints, which these Pills rapidly cure:

For Byspepists or Endigrection, List-lessaness, Longwor, and Loss of Appelles, they should be taken moderately to stimulate the stomach, and rectore its healthy tone and action.

For Liver Complaint and its various symptoms, Billows Headington and Sillows Relations, James and Sillows Forens, Billows Colle and Billows Forens, they should be judiciously taken for each case, to correct the themsed action, or remove the obstructions which came it.

For Byspenstery or Businessed action, or mild dose is generally required.

For Byspenstery or Businesses, but one mild dose is generally required.

Les Mides, Back, and Lesians, Posts taken for the system of the system, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Breasure and Beautered. change those complaints disappear.

For Browny and Brownical Swellings, they should be taken in large and fretions to see the offest of a deast-

sympathy.

As a Dinner Pill, take one or two Pills to promote direction, and relieve the stomach.

An occasional dose stimulates the stomach and howels, restores the appetite, and invigorable the stomach and howels, restores the appetite, and invigorable. An occasional dose stimulates the stoma-and howels, restores the appetite, and invigo-ates the system. Hence it is often advant geous where no serious derangement exist. One who feels tolerably well, often fluis th a disc of these PHIs makes him feel deck-culy better, from their cleansing and reno vating effect on the digestive apparatus.
